Thank you for inquiring about our fresh New England wreaths, and our no risk fund raising plan. Our specialty is providing organizations such as yours with the opportunity to raise needed funds and at the same time provide a beautiful fresh wreath that many of your supporters already plan to purchase for themselves or as a gift. This letter is in addition to the information currently available on our website.

Since 2000 we have been offering your organization the additional opportunity to sell via “Mail Order” a deluxe double-faced balsam wreath decorated with clusters of frosted cones, a bright red velvet bow, and gift boxed with a card from the sender. The mail order wreath measures 22” to 24” and would cost your organization **\$24.00**. The suggested retail price for this wreath is \$29.95, including delivery via UPS anywhere in the continental United States. **We will accept orders for mail order wreaths through November 27, 2009.** Mail order wreaths must be paid in full by check when the order is placed. We will supply a sample order from for your organization to duplicate and use.

If you would like to take advantage of this great opportunity, The “Commitment to sell and Deposit agreement”, and the “Order and Payment agreement” **must be filled out and returned by November 1, 2009.**

Thanks,

Cavanagh's Wreaths
